

SCHEDULE 4

BUNDLE REQUIREMENTS

(Section 16.1(b))

1. Each bundle of plant material that is presented for certification shall be firmly fastened.
2. Uncovered metal wire shall not be used for the fastening of bundles.
3. Each bundle of plant material of a category specified in column 1 of the table hereunder shall have at least the number of plants, shoots or viable buds specified in column 2 of the table opposite thereto:

Category of plant material	Minimum number of plants, shoots or viable buds per bundle
1	2
1. Scions for grafting	1 000 grafts or 2 000 viable buds
2. Scions for rooting	500 shoots
3. Rootstocks for grafting	500 viable shoots
4. Rootstocks for rooting	500 shoots
5. Rooted rootstocks	50 plants
6. Rooted grafted plants	25 / 50 plants

[Substitution of table by R. 227 of 19 March 2021]
